## Descriere HOLM HOTEL AND SPA 5\*

Welcome to Holm Boutique SPA , where theres no shortage of inspiring and surreal new worlds to discover. Located in the heart of Saint Julians in a discreet but decidedly luxurious setting, Holm Hotel maintains the highest level of contemporary exuberance with light-heartedness, humour and weirdo decadence. Holm Hotel abandons the norm, and leaps to the far end of avant garde, with our desire for authenticity asks you to go down the rabbit hole — for an out-of-the-box stay. Holm adopts an unconventional vision of the upmarket hotel business. We dismiss minimalism and moderation as falsely elegant, falsely purist, and falsely modern. Inhibition is a sentiment we leave to others. We address demands of guests that hotels have standards without standardisation. Embracing all that is playful and weird makes our aesthetically-jaded guests stay unique and memorable.
